## **InSight VM 2 Meter Iris Recognition System**

**Company name:** AOptix Technologies, Inc.

**Product name:** InSight VM 2 Meter Iris Recognition System

**Booth number:** 654

**Innovative features/key benefits:** The InSight VM has taken biometric authentication, often complicated and confusing, and made it fast, simple, conclusive, and repeatable. This results in decreased authentication transaction times, more consistent matching results, and reduced administrative overhead – the combination of which allow for increased usage of strong authentication in secure environments.

**Synopsis:** AOptix Technologies introduces the latest member of our advanced biometrics family of products. The InSight VM 2 Meter Iris Recognition System couples sophisticated industrial design with leading edge ease of use, speed and accuracy.

**Launch Date:** Monday, August 16, 2010

**URL to product info or demo:** <http://www.aoptix.com/iris-recognition>

**Email for sales inquiries:** [brhea@aoptix.com](mailto:brhea@aoptix.com)
